

Ways to Save Money \$\$\$\$

We all know that starting to save money early on is valuable. A lot of us just have a problem in figuring out how to save. Here are some simple ways to start your savings off. \$\$\$

1 Practice Delaying Purchases \$\$\$

If you're an impulse buyer, try sleeping on the decision to buy something. This may cause you to rethink the purchase which will save you money.

2 Use Coupons When Possible \$\$\$

Now adays, it's so easy to look up a coupon code on our phones that we really have no excuse to pay full price anymore.

3 Bring Your Lunch to Work \$\$\$

By bringing your lunch to work at least 4 days out of the week, you will save money in the long run. If you're spending approximately \$7 per lunch, that adds up to about \$1,820 per year!
